

So many things I need to do  
Matter,  
Only a few  
I'm 25  
And I've just begun  
I haven't learnt to completely  
Relax and have fun

You placed me in this time,  
In this moment  
I run side by side,  
Those whom you choose  
Obviously there is a reason  
For all is crafted by you  
*Destiny* of which I do not yet know  
Your word teaches me trust and  
*patience*  
You fill me with peace  
And still my mind  
So I can see  
*Thank you Jesus*  
For making me.
